Greetings from Embassy of India, Qatar!

The Indian expatriate community in Qatar enthusiastically supports the Embassy in promoting bilateral relations in a number of areas like culture, tourism, sports, trade, business and investment.

The Indian Business & Professionals Council (IBPC) is an apex community body working under the patronage of the Embassy, with a mandate to assist Indian businessmen and professionals by providing networking platforms to expand business and trade between the two countries.

It is a matter of great satisfaction that IBPC has undertaken the appreciable initiative of launching "The Indian Businessmen Directory (IBD)" in partnership with Trans Media International W.L.L. This is a compilation which will act as a repository of information on the dynamic Indian business and professional community in Qatar and will be a valuable tool for Indian companies seeking potential trade or business partners in Qatar.

In view of the importance of the initiative, we request and encourage everyone in the Indian business community to come forward and furnish requisite information and enlist themselves in the standard directory format free of cost. We also understand that the directory gives ample opportunity for advertising to extend the reach of your business, products and services.

The Indian Embassy will host a link on its website to facilitate access to the IBPC website and to the IBD directory page for online data collection. We look forward to your cooperation, support and enthusiastic participation.

(Surinder Bhagat)
